### Professional Summary

Young IT Professional eager to take the next step in my career. I work hard to achieve my goal of becoming a full-stack Web Developer. I have significant technical skills in ICT. Throughout my previous working experience, I have shown that I am great with people and a proactive employee. Combining my technical and social skills, I am a valuable asset. Now, I aim to continue my growth as a person and develop both my soft and hard skills as I follow my ambitions.

---

## Experience

---

### Front End Developer / DotSwan

JANUARY 2022 - PRESENT, ROTTERDAM

DotSwan is a company providing services to business partners such as consulting, IT, design, online security but also marketing and finance. Worked here independently as Front End Developer for various business partners. I focused on building web applications and web development. In a small team I worked on various projects under application building for Tanaruz Boat and Thuisborg.nl. Through this work I have gained experience in responsive design techniques.

### Developer Trainee / DotSwan

SEPTEMBER 2021 - DECEMBER 2021, ROTTERDAM

Started working for DotSwan as a developer trainee. During this traineeship I gained skills in web development technologies, several programming languages and web building. By showing my passion and drive for Web Development DotSwan allowed me to further work for them as Front End developer.

### Software Developer Trainee / Matrix Master

FEBRUARY 2021 - JULY 2021, ROTTERDAM

I followed a traineeship at Matrix Master. In this traineeship I followed three courses, "introduction to front-end programming", "advanced front-end programmer", and "back-end programming", which I have successfully completed. The first course was an introduction to front-end programming. This course allowed me to get familiar with: HTML/CSS, Git/GitHub, Bootstrap/Materialize, Basic JavaScript ES5, Introduction to JavaScript ES6, Algorithm JavaScript, jQuery/AJAX WordPress, Scrum Framework, Slack/Trello, I followed up with the advanced front-end programming course which allowed me to focus on advanced JavaScript, object oriented language in JavaScript and ReactJS. And finally I completed the course on "back-end programming" in which I put my focus on NodeJS, ExpressJS and MongoDB.

### Team Leader Sport & Recreation / Radisson Blu

FEBRUARY 2018 - JANUARY 2021, QUSEER (EGYPT)

I led a team of proactive and passionate sport and recreation members at one of the biggest hotels in Egypt. I also partook in the many activities throughout the day as an active member with the hotel guests. I am specialized in multiple fields of athletics and dance. During these Two years, I have gained significant experience leading and coaching a team while maintaining social connections with diverse clients and hotel guests.

### Inhouse Staff / Tia Heights Makadi

JANUARY 2011 - JANUARY 2014, SOLATIR MARSALA (EGYPT)

At Tia Heights, I grew as a valuable member of the hotel staff and found a passion in connecting with people from all around the world. During this time, I have shown that I am a hard worker and a fast learner.
